@teda\_kidan

### PROFILE

Self-taught Full Stack Developer skilled in building modern web applications using React, Node.js, Express.js, MongoDB, and Supabase. Experienced in developing complete solutions from UI design to deployment, with a strong interest in scalable systems, clean code, and user-centered design.

### EXPERIENCE

**Leadership Center at LIA** 2025 - PRESENT  
Full Stack Developer

- Developed a grading management platform featuring role-based access control, performance dashboards, and reporting tools using React, Node.js, Express.js, MongoDB, and Tailwind CSS.
- Streamlined the student evaluation process by replacing manual record-keeping with a centralized and data-driven system.

**Volunteering Organization - ENPA** 2024  
Full Stack Developer & UI/UX Designer

- Built a volunteer management platform with registration, activity event management, secure data storage, and Gallery Management using MongoDB, Express.js, React, Node.js, Tailwind CSS, and Figma.
- Improved organizational efficiency by digitizing volunteer records and received official recognition for the successful project delivery.

**Restaurant Business Project** 2024 - 2025  
Full Stack Developer

- Designed and developed a restaurant menu management system and landing page with an administrative dashboard for managing categories, menu items, and control settings.
- Created a responsive customer-facing landing page and integrated MongoDB, Express.js, React, Node.js, and Tailwind CSS technologies to deliver a complete business solution.

**Lebawi International Academy (LIA)** 2025 - 2026  
IT Collaborator & Computer Science Club Vice President

### EDUCATION

**High School Student**  
Lebawi International Academy  
**GPA:** 4.19 / 4.3
